REQUEST FOR PROPOSAL

SALEM, NEW HAMPSHIRE

HOUSEHOLD HAZARDOUS WASTE COLLECTION

It is the intent of the Town of Salem, New Hampshire to engage the services of a qualified firm to provide the Town with the following products(s) or services to be purchased *Household Hazardous Waste Collection*. An overview with detailed specifications is provided within this Request for Proposals (RFP).

Proposals must be received no later than *August 13th, 2009 @ 11am* to be eligible for consideration by the Town. Each bid must be submitted in a sealed envelope plainly marked indicating, *Household Hazardous Waste Collection*.

Requests may be issued only by the Purchasing Division of the Town of Salem to authorized firms, and are not transferable unless authorized by the Purchasing Coordinator.

All proposals will remain confidential until a public review has been made and an award has been presented.

Bids shall be submitted on the enclosed bid sheet (if applicable) to the listed minimum specifications. If you find these specifications to be unreasonably restrictive, please contact the purchase coordinator immediately for clarification or alternative specifications. If no exception is noted, the specifications as written will be considered acceptable.

The Town reserves the right to reject any or all bids or any part thereof, to waive any informality in the bidding, and to accept the bid considered to be in the best interest of the Town. The Town also reserves the right to conduct reasonable negotiations with low bidders and sole bidders. Failure to submit all information may disqualify a bid.

PROJECT SUMMARY

1. GENERAL

The Contractor shall successfully perform a household hazardous waste collection operation at the Salem N.H. Public Works Garage at 21 Cross Street open to residents (non-commercial) of the Town of Salem, New Hampshire on **Saturday, September 12, 2009 between the hours of 8:00 AM TO 1:00 PM.**

2. DESCRIPTION

The Contractor shall be responsible for:

- a) Receiving household hazardous wastes, as defined by New Hampshire Hazardous Waste Rules.
- b) Segregating, analyzing, consolidating, containerizing and labeling all household hazardous wastes.
- c) Loading, documenting and transporting all collected household hazardous wastes in properly placarded vehicles.
- d) Disposing of all household hazardous wastes at permitted hazardous waste treatment or disposal facilities. Certificates of destruction must be supplied to the Owner.

3. SAFETY

The Contractor shall adhere to all appropriate safety procedures, including but not limited to those outlined in the Technical Specifications and shall properly handle, package, containerize, label, load and transport all hazardous wastes accepted during the operation in a manner approved by the State of New Hampshire Department of Environmental Services.

4. MANAGEMENT

The Contractor shall have present at the site, a Project Manager/Safety Officer responsible for directing the Contractor's operation. This person shall report to the Town of Salem's Project Manager and shall coordinate the project's activities with said Project Manager. The Contractor shall also have present, an employee of or agent of the Contractor trained in chemical identification of all hazardous and acutely hazardous wastes as defined in the N.H. Hazardous Waste Rules. The Contractor shall also have present at least eight additional employees or agents to handle, containerize, label, load and transport wastes for treatment or disposal at a permitted hazardous waste facility. Each of the above specified persons shall be sufficiently experienced to properly carry out the operation.

5. CO-OPERATION

The Contractor shall accept wastes only from individuals designated by the Town of Salem's Project Manager at the site, and only in such amounts as are approved by the Project Manager, and shall cooperate to the fullest measure possible with the Town of Salem's personnel in the operation.

6. HOURS

The collection station will open promptly on the selected day, **Saturday, September 12, 2009 at 8:00 AM** and remain open until 1:00 PM for receipt of Household Hazardous Waste. The Contractor shall transport all collected wastes out of the Town of Salem by 6:00 PM of the designated collection date.

7. ACCOUNTABILITY

One half hour after the collection has begun and every half hour thereafter, the Contractor's Project Manager will give the Owner's Project Manager an update of the quantity of waste which has been received to that point in each classification together with the agreed unit price and total cost for each classification. The Owner's Project Manager shall be responsible for terminating the collection program at any time.

8. SET UP

The Contractor shall supply and have available at the appropriate site on the clean up day, all equipment and personnel necessary to perform the tasks included in their "Work Plan." Said "Work Plan" shall be prepared in accordance with that specified in the Technical Specifications.

9. EMERGENCIES

The Contractor shall be responsible for fulfilling requirements of their "Site Safety, Spill Response, and Emergency Evacuation Plan." Said plan shall be prepared in accordance with that specified in the Technical Specifications.

10. REGISTRATION

No Pre-registration is required.

11. QUANTITIES

The Owner proposes to limit each resident to a maximum drop off quantity of 10 gallons of household hazardous waste.

12. TARGET

It is the Owner's desire and intent to provide waste collection to as many Salem residents as are in need of this service.

GENERAL CONDITIONS

1. GENERAL

The work of this contract consists of receiving, analyzing, sorting, consolidating, packaging, transporting and disposing of household hazardous wastes, including disposal of emptied containers(cans, bottles, bags), for the Town of Salem N.H. population (approx 29,000

(2008) Hazardous Waste Collection was **316 vehicles, 48 Drums**. The selected contractor shall be a licensed hazardous waste transporter properly authorized to perform the contract work and set up the appropriate collection program.

2. RECORDS

The contractor shall maintain records pertaining to this project on a generally recognized accounting basis. The records shall reflect actual time devoted and costs incurred for the services performed. The records shall show the status of the wastes from the time of collection until final disposal. The contractor shall permit the Owner's authorized representatives, appropriate Federal and/or State Department and agencies to inspect and audit all data and records of the contractor associated with this contract or related to the contractor's performance under this contract.

3. EQUAL EMPLOYMENT OPPORTUNITIES

The contractor shall not discriminate against any employee or applicant for employment because of race, religion, color, sex or national origin. The contractor shall take affirmative action to insure that applicants are employed and that employees are treated during their employment, without regard to their race, religion, color, sex or national origin. Such actions shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rate of pay or other forms of compensation; and selection for training including apprenticeship.

4. LOCATION

Except as otherwise specifically provided for herein, the contractor shall perform the work in the Town of Salem, Rockingham County, State of New Hampshire.

5. COMPLIANCE

In connection with the performance of the work, the contractor shall comply with all statutes, laws, regulations and orders of Federal, State, County or Municipal authorities which shall impose any obligations or duty upon the contractor.

6. PERSONNEL

The contractor shall, at its own expense, provide all personnel necessary to perform the work. The contractor shall warrant that all personnel engaged in the work shall be qualified to perform the work, and shall be properly licensed and authorized to perform all such work under all applicable laws.

7. INDEMNIFICATION

The contractor shall defend, indemnify and hold harmless the Town of Salem, its members and representatives, the Town in which the collections are held, the State and their respective officers and employees from and against any and all losses suffered by any such indemnity and all claims, liabilities or penalties asserted against any such indemnity by or on behalf of any persons on account of, based on, resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the contractor. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the Town of Salem its members and representatives, or the Town in which the collections are held and any such immunities are hereby reserved to the Town of Salem, its members and representatives and the Town in which the collections are held. This covenant shall survive the termination of this agreement.

8. EQUIPMENT

The contractor shall supply and have available at the appropriate site on the appropriate day, all equipment and supplies necessary to perform the work in accordance with the contract documents.

9. QUANTITIES

The number of vehicles, gallons, drums and pounds as stated above are based on actual last years collection data, and collection was one day from 8:00am to 1:00pm. They are not guaranteed to be exact for this year. Quantities of work that are to be performed under this contract and any departure there from will not be accepted as valid grounds for any claim for damages or for loss of profits. The Town of Salem specifically reserves the right to delete any portion of the work if desirable to keep expenditures within available funds. The total proposal representing the sum of the estimated quantities times the unit prices bid, will be used as the basis for comparison of bids.

10. PAYMENT

The contract prices shall be paid to the contractor within thirty days of Town of Salem's receipt of copies of all manifest forms signed by the operator(s) of the hazardous waste facility (ies) to which the collected materials were delivered for disposal.

Payment to the contractor shall be made for the actual quantity of each specified bid item identified in the Bid Form.

11. PRE-COLLECTION CONFERENCE

After execution of this agreement, but prior to starting the work, a pre-collection conference shall be held. The attendance of the contractor and his contract manager shall be mandatory. The Owner shall notify all other appropriate personnel of the time and site of the Conference. The Conference shall be held at the Town of Salem, Public Works Department, at a mutually agreed upon time. Procedures to be followed for the duration of the collection shall be established and discussed at this time. In addition, the contractor shall provide the Town with the proposed Work Plan, Safety Plan and Hazardous Response Plan.

12. INSURANCE

The contractor shall purchase and maintain such comprehensive general liability and other insurance as is appropriate for the work being performed. The insurance shall include the specific coverage and be written for not less that the limits of liability and coverage identified or required by law, whichever is greater. All policies shall contain a provision that the coverage will not be cancelled, changed or renewal refused until a thirty (30) day written notice is given to the Owner. All insurances shall remain in effect until final payment. Certifications from the insurance carrier shall be submitted and shall state the type of coverage, limits of liability, and expiration date.

The limits of liability for the liability insurance required shall provide coverage for not less than the following amounts or greater where required by law:

13. PERMITS

It shall be the responsibility of the contractor to obtain all federal, state, and local permits which may be required and necessary to perform the work. The Town will assist the contractor when

possible in obtaining said permits. The cost of any permits or fees associated with same shall be borne by the contractor.

14. WORKMEN'S COMPENSATION

The contractor shall take out and maintain during the life of this contract, Workmen's Compensation Insurance for all of his employees employed at the site of the project and in case any work is sublet, the contractor shall require the subcontractor, similarly, to provide Workmen's Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the contractor. In case any class of employees engaged in hazardous work under this contract at the site of the project is not protected under the Workmen's Compensation Statute, the contractor shall provide and shall cause each subcontractor to provide adequate insurance for the protection of his employees not otherwise protected.

15. SOCIAL SECURITY ACT

The contractor shall be and remain an independent contractor with respect to all services performed hereunder and agrees to and does hereby accept full and exclusive liability for the payment of any and all contributions or taxes for social security, unemployment insurance or old age retirement benefits, annuities now or hereafter imposed, or other remuneration paid to persons employed by the contractor on work performed under the terms of this contract and further agrees to obey all lawful rules and regulations and to meet all lawful requirements which are now or hereafter may be issued or promulgated under said respective laws by any duly authorized State or Federal Officials; and said Contractor also agrees to indemnify and save harmless the Town of Salem from such contributions or taxes or liability therefore.

16. BASIS OF PAYMENT

A. Bid Item #1, Collection Set up fee, shall consist of all costs necessary to organize, set up and conduct the project in accordance with these project documents, and shall be paid as a lump sum. This item shall include but not be limited to all general condition requirements and all other project requirements which are not covered by the remaining bid items. Reimbursement shall be at the actual contract price bid and shall consist of all costs necessary to properly collect, sort, package, transport and dispose of the identified household hazardous wastes and containers that are emptied.

B. Bid Items #2 through #14 consisting of the following items

#2 Consolidated Organic Liquids	55 gallon drum
#3 Consolidated Liquid Paints (no sludge)	55 gallon drum
#4 Consolidated Anti-freeze	55 gallon drum

#14 Misc. Consolidated Acids/Alkaline Bases	55 gallon drum

All collecting, analyzing, sorting, packaging, transporting and disposing of identified household hazardous wastes and emptied containers shall be paid for at the contract unit price bid per container of the material type and size specified.

C. Bid item #15, Polychlorinated Biphenyl (PCB) Contaminated Waste shall consist of all costs associated with disposing of PCB contaminated waste if containers are found to be contaminated after analysis. This item shall only be used if a container is found to have a contamination level greater than 40 PPM. It is the Owner's intent not to accept any PCB contaminated wastes. This item pertains only to contamination discovered after the containers have left the collection site.

Disposal of Polychlorinated Biphenyl Contaminated Waste shall be paid for at the contract price bid per container of the size specified.

17. HAZARDS

The Contractor warrants that it understands the currently known or suspected hazards which are presented to persons, property and the environment by transport, treatment and disposal of wastes. The Contractor further warrants that it shall perform all services under this contract in a safe, efficient expeditious and lawful manner using industry-accepted practices in full compliance with all applicable New Hampshire and Federal laws and regulations.

WORK PLAN

The following plan describes how the Town of Salem proposes to handle the household hazardous waste cleanup activities on the cleanup day.

MATERIAL FLOW

As a homeowner arrives at the designated facility, posted signs shall direct him to the reception area. At that point, Town representatives shall meet the incoming vehicle and elicit general information from the participant (e.g., Town of residence, types and amounts of wastes brought to the facility.)

The participant then drives to the collection area where the waste material shall be removed from the vehicle and taken to the handling tables by Contractor representatives. At this point, the Contractor takes custody of the waste. Once removed, the participant will be directed toward the exit. An information booth shall be set up near the exit where the participant can park, fill out a questionnaire, and obtain information on waste disposal, household hazardous wastes, health effects, etc.

In the event that a participant exceeds the amount of waste allotted for disposal (10 gallons or approximately 30 pounds), the Owner's project manager shall be so advised. The excessive waste shall be accepted per the authority of the Owner's Project Manager.

The waste will be removed from the participant's vehicle by the Contractor's representative and shall be handed over the "hot line" along with its accompanying information sheet.

The Contractor shall segregate known wastes from unknown wastes. Separate tables shall be used. Known waste shall be transferred from its table to one of three repackaging tables: solvents, corrosives, and pesticides and/or poisons. The Contractor's personnel shall man those tables, repackage the waste as necessary, record information about those wastes for manifest purposes and containerize the wastes in 55-gallon drums. The wastes shall be packaged on-site so that they may be properly disposed of, e.g., as lab packs, etc. All paints accepted shall be bulked on site.

Unknown wastes shall be transferred from the collection table to the analysis area by the Contractor. The Contractor shall conduct simple chemical analysis on these wastes to determine appropriate classification. Following classification, those wastes shall then be packaged at this location for transportation to an authorized hazardous waste facility.

Once the drum has been filled with waste, it shall be properly closed and transferred to the box trailer for storage. Manifests shall be initiated by the Contractor. Upon completion of the collections at the end of each day, the vehicle shall transport the wastes to an authorized treatment or disposal facility. No drums shall leave the site until, they are properly packaged.

If you choose not to bid, please complete the questionnaire below and return it with your response by the bid open date. Your assistance in helping us to analyze no bid rationale is very much appreciated. Thank You.
